issue 7, June 2005

news & prayer letter from the Connors, partner church missionaries with *mission partners*, the Australian Presbyterian World Mission

Many are the plans of man...

May turned out very differently than we expected! Glen returned briefly to Australia (see below) and Rachael spent the holidays quietly with Sophie and Bethany here. We are now into the swing of Term 2 and there is frenzied activity as the college prepares for its coming open days. We are in much better health this month and are very much aware of how good and gracious God has been to us this year.

Please Pray:

- with thanks for improved health;
- that the Open Days will help raise awareness of and support for the college.

Talua Open Days 9th – 10th June
 Glen's parents come to visit 19th June - 2nd July
mission partners work party build more of the new library ~9th – 23rd July

Certificate One

Please Pray:

- that these students would grow in their understanding of and love for God;
- that Glen would explain doctrines of God simply and truthfully.

Glen is enjoying teaching the first year certificate students (in photo with first year diploma students). They are an enthusiastic and responsive class and ask very thoughtful questions. They are also very close as a year, having daily devotions as a class, separate to personal and College devotions. Teaching these students is helping Glen greatly in his own understanding as it is difficult to explain something simply (without all those big words) unless you first understand it well yourself.

Glen visits Griffith

Glen's Grandfather took seriously ill and died in May. Glen was able to return home to be with his family as they nursed him and then mourned his passing. Reg Palframan was a strong and faithful Christian and so sadness was tempered with joy in our hope in the resurrection and relief that his suffering was over. Glen was close to his Grandad and so is really thankful to have been able to return home at that time.

Please Pray:

- with thanks for the life and faith of Glen's Grandad;
- for Glen's family, especially his Grandma, Mother, Uncle and Aunt.
